 Adds 3½ feet to your Forearm Forklift in seconds.

Item# ForearmExt
 Non-Member Price \$7.50
Member Price \$6.25

SHOULDER DOLLY®

The Shoulder Dolly® lifting system uses leverage to keep movers in the proper lifting position and makes the load feel lighter. Instead of lifting with the small muscles you lift with the big muscles! Without the Shoulder Dolly® lifting system people are forced into moving furniture, appliances and other bulky objects by lifting with their hands, forearms and low back muscles. These muscles are not programmed to withstand this type of strain and this is why moving can be so difficult and frustrating. This is also why so many lifting related injuries are reported every day both on and off the job. The Shoulder Dolly® lifting system utilizes the strength of the large shoulder and leg muscles for lifting and carrying, freeing up the small hand and forearm muscles for better balance and control. The system has been proven (with lumbar motion monitors) to significantly reduce strain and risk of injury to the lower back. Recommended carrying capacity of up to 800 lbs.

Benefits: Keeps your hands free to balance the load. 100% adjustable to any object size. Great for men and women.

Item# ShodollyLD
 Non-Member Price \$42
Member Price \$35

SHOULDER DOLLY® HEAVY DUTY™

The Shoulder Dolly® significantly reduces the need for traditional wheeled dollies. The system allows moving heavy and bulky objects safely over adverse terrain, yet gives the sensitive control necessary to navigate over fragile hard-wood and custom tile floors and around interior walls. Shoulder Dolly® also increases efficiency and reduces the opportunity for personal injury.

Item# ShodollyHD
 Non-Member Price \$288
Member Price \$240

NEW

(to be used in conjunction with ShodollyLD or ShodollyHD on pages 2,22)

ACCESSORY HOOKS

These work in conjunction with the harness of the ShodollyLD or ShodollyHD. The accessory hooks are ideal when moving round items or objects with handles or edges.

Package includes two 6' x 5" pieces of polypropylene webbing with an attached 2" metal hook on each end.

Item# AI4240
Non-Member Price \$16
Member Price \$13

BUCKLE COVER

The Buckle Cover is specifically designed to work with the Shoulder Dolly Lifting System. The fabric cover fits snugly over the top and bottom of the 5" wide tension buckle preventing the metal coming into contact with the object being moved.

- Sold in sets of two
- Will work with both ShodollyLD and ShodollyHD
- Made in the USA

Item# AI4250
Non-Member Price \$11
Member Price \$9

CARRYING BAG

This is a great little bag to carry your Shoulder Dolly set in. It's designed to hold 2 harnesses and the middle lifting strap.

- Made of pack cloth fabric
- Has drawstring and closure
- 16" long x 13" wide
- Will work with both ShodollyLD and ShodollyHD
- Made in the USA

Item# AI4270
